

Estd : 2005

Sri Indu Institute of Pharmacy

(Approved by A.I.C.T.E. & PCI-NEW DELHI, Affiliated to JNTUH-Hyderabad.)

Sponsored by New Loyola Model Education Society, Vanasthalipuram, Hyderabad.

Herbal Garden committee

Medicinal plants have a significant role in human life and India has a rich diversity of medicinal plants. About 90% of herbs are used in the manufacturing of AYUSH medicines.

The college has established an arboretum of medicinal plants with an objective to maintain a conservatory of the most common and important species of medicinal and aromatic plants which are being used in day-to-day primary health care. All the plant species were authentically identified by expert taxonomists, labelled and in many cases, their therapeutic values in curing different diseases are also highlighted.

S.no.	Member Name	Designation	Designation in Committee
1	Dr. A. M Billah	Professor	Coordinator
2	Dr. D. Varun	Academic Director	Member
3	Mr. Hemanth	Associate Professor	Member
