HAZARDOUS CHEMICALS AND RADIOACTIVE WASTE MANAGEMENT

Most of the chemicals are non-hazardous in our laboratories. In certain instances, hazardous chemicals are stored in preparation room, away from the reach of students and are diluted after the experiment. Lab In-charges take care of the chemicals and safety measures in the laboratory are strictly followed.

Safety measures strictly followed in Labs and Preparation Room

WASTE RECYCLING SYSTEM

Waste water recycling is considered as a part of green building system. Water from the washbasins is the least polluting source of waste water. It handles the liquid wastes and makes it suitable for reusing. Recycled water is used for toilet flushing and gardening.
