GUIDELINES FOR SCRIBE (AS GUIDED BY JNTUH)

APPOINTMENT OF SCRIBE

Preamble: Physically handicapped candidate writing the SEE can take assistance from another person who is normally called as Amanuensis. An Amanuensis can be appointed by the COE of the college to the candidate who is really disabled to write his/her examination with his own hand. While appointing an Amanuensis the following guidelines are to be followed strictly.

Guidelines:

- (a) An Amanuensis can be appointed to the candidate who is blind or disabled from writing the examination with his/her own hand.
- (b) A candidate seeking the assistance of an Amanuensis shall submit an application to the COE through the head of the department of the department duly recommended by the proctor, with the following documents.
 - (i) Medical Certificate from Medical Officer of a Government District or higher-grade hospital or a registered Medical Practitioner showing the inability of the candidate to write the examination with his/her own hand, which shall be attested by the department heads.
 - (ii) No relation Certificate - An undertaking by the student and the Amanuensis showing that there is no relation between them with an authentication by the Notary Public.
 - (iii) Attested copies of testimonials of an Amanuensis.
 - (iv) One A4 size paper hand written matter which is written by the Amanuensis.
 - (v) Three recent Passport size photos of the Amanuensis attested by the department heads..

(c) An Amanuensis appointed must be of lower grade education than the candidate and should not be studying in the same field (Engineering/Architecture).

(d) The Chief superintendent/ Chief coordinator shall arrange a suitable room for the candidate & the amanuensis and appoint a room superintendent for the candidate who shall be changed daily.

(e) If the disabled candidate (temporarily disabled) requests to write the examination with his own hand with an extra time (60 minutes for 3 hours examination i.e. 20 minutes per hour), he/she shall submit an application to the Principal of the college through the COE seeking grant of extra time to write the examination, with concerned medical certificates and the attested copies of such permission letters, if any, given earlier by any of the Boards or Universities in India.

(f) The permission granted in the case of permanently disabled students shall be valid for the entire period of his study in the program, whereas, in the case of temporary disability the facility extended shall be for the specific period only.

7.1.7 DETAILS OF THE SOFTWARE FOR PROVIDING ASSISTANCE FOR SPECIALLY-ABLED PERSONS

Our institute provides the following free softwares:

- i. Braille Blaster
- ii. Non Visual Desktop Access (NVDA)
- iii. Live Transcribe
- iv. Sound Amplifier

i. BRAILLE BLASTER:

The design primarily for the blind people and this Braille Blaster relies on Liblouis, a well-known open-source braille translator, for translating text and mathematics to Braille. Braille Blaster takes advantage of the rich markup contained in NIMAS (National Instructional Materials Accessibility Standard) files to automate basic formatting and gives you tools to make advanced tasks quicker and easier. Designed primarily for editing textbooks that meet the specifications published by the Braille Authority of North America, the purpose of Braille Blaster is to help braille producers ensure that every student has their braille textbooks on the first day of class.

ii. NON VISUAL DESKTOP ACCESS (NVDA)

NVDA is a free and open-source of globally accessible screen reader for the blind and vision impaired. This software is designed by the blind for the blind. This software provides access to technology no matter the language and location, that every blind or vision impaired person deserves the right to freely and easily access a computer.

iii. LIVE TRANSCRIBE

The accessibility app designed for the deaf and hard of hearing and usable by anyone.

Using Google's state-of-the-art automatic speech recognition technology, The basic thing is Live Transcribe performs real-time transcription of speech and sound to text on the screen, so that deaf person can participate in the conversations going in the world around him.

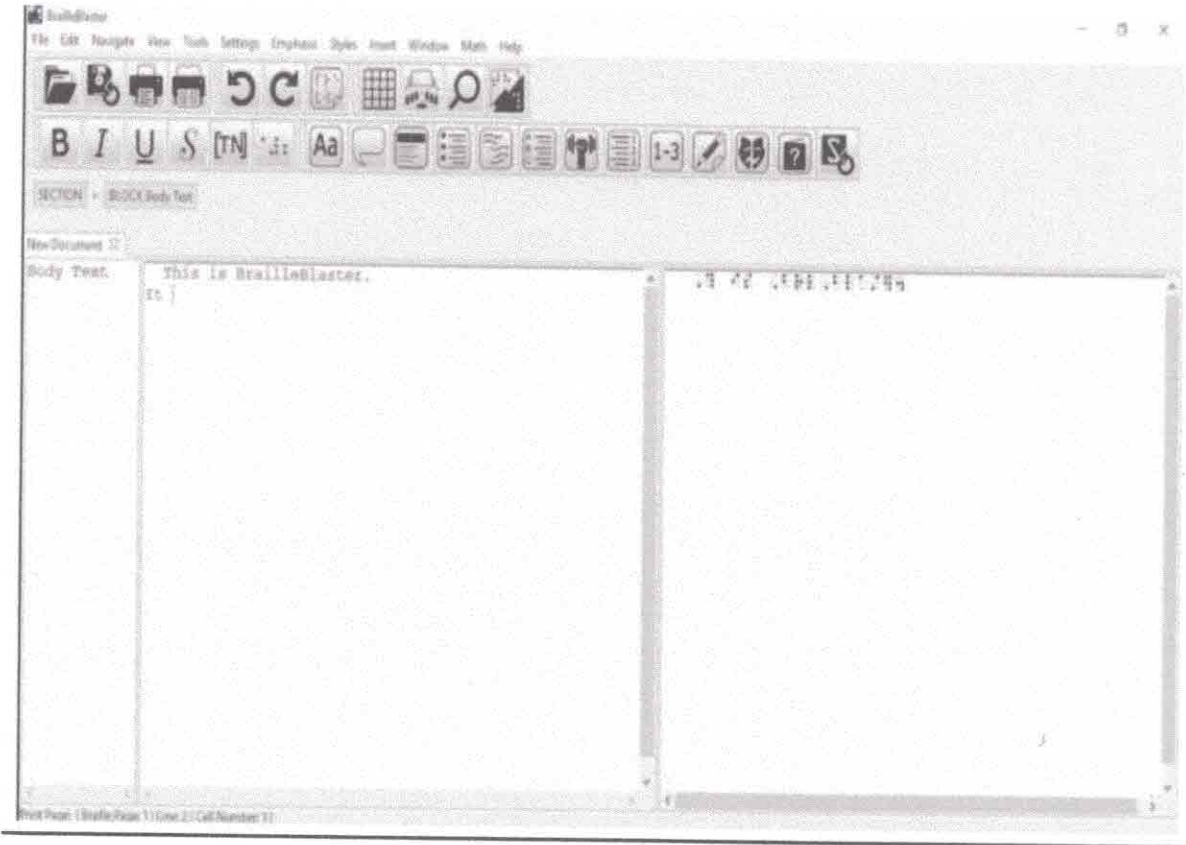

iv. SOUND AMPLIFIER

This app works on Android device with headphones to filter, augment, and amplify the sounds in our environment. It helps to hear better in noisy areas. There are many people with varying degrees of hearing loss but this app tackles the problem, makes it easier to hear. Usually phone or headphone's microphone to sift through ambient sounds and enhance frequencies related to speech while reducing unnecessary noise.
